Here and There

Editorial By Alex. H. Washburn

SENSATIONAL news today in the commodity and share markets, where cotton, wheat and securities continue their 48-hour plunge to lower levels. Cotton's under 11 cents, for rather mysterious reasons. The stock market has taken a beating for the second consecutive day—for reasons not so mysterious.

Tennessee Voting on Repeal; Farley Sees End by Xmas

Wets Claim Tennessee 2 to 1—Drys by 75,000 Majority

FARLEY BACK HOME

Postmaster General Reports to President on the South

By the Associated Press
Tennessee, dry for nearly a quarter of a century, is voting Thursday on the proposal to repeal the 18th amendment.

It is the 19th state to ballot on prohibition repeal, all previous 18 having approved repeal. Tennessee is the third Southern state to vote on the question, Alabama and Arkansas having voted Tuesday to wipe national prohibition from the constitution. Repealists claimed a two-to-one victory in Tennessee, while dry leaders predicted they would carry the state by 75,000 majority for prohibition.

"Repeal by Christmas"
WASHINGTON, (AP)—Postmaster General Farley told President Roosevelt Thursday:

"We will have prohibition repeal by Christmas."
He said to newspaper men later: "The president agrees with me."
Farley, also chairman of the Democratic National Committee, returned here after a tour of the Southern states in which he participated in the campaign for repeal, broadcasting a speech from Memphis last Saturday in advance of the elections in Arkansas, Alabama and Tennessee.

Immediately on his return to Washington Mr. Farley went to the White House to report on the prospect of repeal.

H. M. Adkins New U. S. Revenue Man

Former Pulaski Sheriff Named Internal Collector, Wednesday

LITTLE ROCK—Homer M. Adkins, former sheriff of Pulaski county Wednesday was appointed by President Roosevelt as collector of internal revenue for Arkansas to succeed Andrew J. Russell, Republican incumbent. It is expected that Mr. Adkins will assume his new duties when his commission is received several days hence.

Announcement of the appointment came as a surprise to many here who had believed Mr. Adkins to be one of those favored for appointment as United States marshal for the Eastern District of Arkansas. Mr. Adkins was a candidate for the appointment of marshal, but had not been a candidate for the position to which he was appointed.

Deadline for City License August 1

Only 60 Tags Purchased—700 Cars Operating in Hope

The deadline for purchasing city automobile license plates without penalty has been set for August 1, Mayor Ruff Boyett announced Thursday.

Charles Reynerson, city treasurer, said Thursday that only 60 tags have been purchased. He estimated that nearly 700 automobiles were operating within the city.

In the interest of economy to tax

Mr. Roosevelt more than a month ago warned the nation to beware of speculation.

He was afraid that at the first sign of inflation people would take cheapened dollars and speculate on rising commodities and stocks.

There has been some speculation in cotton. But there has been more speculation in stocks. Wednesday the New York banks demanded increased margin—word was passed out that the "lightening up" process had begun, and bloomy went stocks.

It's all right, I saw a big motor stock that isn't paying any dividends quoted on the exchange the first of this week at \$35 a share. It had bounced from \$9 to \$35 this spring.

That's too much, too fast. The whole market has gone up accordingly.

Cotton doubled, but stocks quadrupled. The chances are cotton will maintain a relatively better position, having advanced more conservatively.

Nothing alarming in this news. It looks as though the administration has merely handed the speculators the sound spanking it promised it would hand them.

X X X
Hope is going into the last half of a long and hot summer without anything being done, apparently, toward construction of a public swimming pool.

There is no publicly-regulated pool, no place where youngsters may swim safe from the dangerous current of rivers, and safe from possible infection in stagnant ponds.

As this newspaper has pointed out, the federal government under its public works act is offering to give free 30 per cent of the construction cost and loan the balance on easy terms to any city undertaking a public project at this time.

If Hope expects to build a natatorium any time in the next ten years, she can build it cheapest now—and will only have to pay 70 per cent of the cost. These are the cold business facts. In addition, we owe our loyal support to the federal government, which expects local communities to launch worth-while projects in order to lighten the load of unemployment relief.

To a government that has poured around \$100,000 R. F. C. labor money into this county, Hope owes it to build that swimming pool now if ever.

X X X
I have before me an ordinance of the City of Austin, Texas, creating a Department of Recreation and Parks, to be administered by five commissioners appointed by the mayor and approved by the city council.

It may be that this is our first official move in the campaign to build a swimming pool for Hope.

The estimated cost of the natatorium is \$15,000, less the federal government's grant of 30 per cent. We should set up this Recreation and Park Commission at once, with instructions to work out construction details.

The commission would have charge of management and admission fees at the natatorium, and would be responsible for an accounting to the federal government so long as the property remained encumbered with loans.

Kidnapers Wound Real Estate Man

Take Brother of Rich Man by Mistake—Fight Follows

PHILADELPHIA, Pa.—(AP)—Fighting off two men who attempted to kidnap him after he had been lured to a vacant house, Frank A. McClatchy, member of a well known real estate concern, was shot and seriously wounded late Wednesday.

His assailants, believed by police to have planned originally to kidnap his wealthy brother, John H. McClatchy, for ransom, escaped on foot.

After lying helpless outside the house for some time, McClatchy, who is 56, was found by a motorist and taken to a hospital. Physicians gave him "an even chance" to recover from a bullet wound in the right chest.

POST REACHES ALASKA

Futrell Calls for Beer Bill Draft

Governor to Call Special Session If Legislators Agree

Cazort and Toney to Name Joint Committee for Drafting

TO POLL MEMBERS
Only Other Proposal Is for Part-Payment of Taxes

LITTLE ROCK—(AP)—Announcing he was ready to issue a call for a special session of the legislature to legalize beer as soon as safe working majorities of the legislators in each house agree upon the terms of a bill, Governor Futrell suggested Thursday that committees of each house be named at once to draft a measure to submit to the members for approval.

He indicated to newspaper men he would include in his call as a matter

4 Licenses Issued

Three-point-two beer was selling in Hope Thursday at four business houses, licenses extending for six months having been issued to Morland's, Checker Cafe, Hope Confectionery, and Robins Brothers, who are operating at Webb's News Stand.

The city council passed an ordinance licensing the sale of beer at a meeting Tuesday night. The license fee is \$75 for six months, \$150 for one year.

For possible legislation a proposal for quarterly installment payment of taxes.

A wide range of subjects for inclusion in the call came under discussion at a conference the governor held Thursday with the administrative heads of all state departments, the governor disclosed.

But Mr. Futrell said there were so many that if all were included "the legislature would be in session until Christmas."

Beer and Taxes
Because of this, he indicated the call would be limited to the beer and tax-payment legislation.

The governor suggested to Lieutenant Governor Cazort and Speaker Toney that they immediately name a legislative committee composed of senators and representatives to draft the beer bill for submission to the members.

He will require advance approval by safe working majorities of both houses before calling the session, he said.

The quarterly tax installment would apply to this year's taxes, according to the governor's views, permitting delinquents to redeem property without

Wages Advanced by Industries in Hope

Plants, Running Close to Capacity, Wages Up 10 to 25 Per Cent

A definite upward trend in business, and higher wage scales, were seen in a survey conducted Thursday by Hope Star among the city's industrial plants.

A 12½ per cent wage increase is now in effect at Hope Heading company among the entire force of employees, George Meehan, manager of the plant, said. He declared:

"Our plant is running 80 per cent capacity now. If the 18th amendment is repealed it will serve as a business boom to us. We are employing 150 men in the mill; an additional 125 are working in the woods, sawing bolts. Forty trucks are bringing timber into the mill daily.

"We have a number of old orders to fill now. New orders are increasing

every day, with an increase in price. Business is picking up. In fact, this is the best report I could give you on business recovery in the past two years," Manager Meehan concluded.

At Hope Basket company business is 200 per cent better than nine months ago, Manager G. J. MacGregor reported.

"Conditions are encouraging for industrial lines. Soon we will submit our plant report to Washington, D. C., where we expect it to be passed upon under provisions of the industrial recovery bill. We should hear from it not later than August 5.

"If accepted, it will mean a substantial increase in wages among all employees here. The basket factory business will be hampered some

Child, Burned by Lye, Is Improving

Joan Stewart, Fulton, Recovering After Dose of Poison

Joan Stewart, 14-month-old daughter of Mr. and Mrs. Conway Stewart of near Fulton, Thursday was recovering in Josephine hospital from the effects of swallowing a quantity of lye.

Her parents administered several antidotes upon finding the child ill at 11 o'clock Wednesday morning, with the can of lye near her. When her condition failed to improve she was taken to Ashdown and given treatment.

Her condition grew steadily worse. The child was brought here late Wednesday afternoon in an extremely serious condition antidotes Wednesday night, until a change for the better was noticed.

The lye had its effect upon the child's chin, neck and chest, causing painful burns.

The Department of Commerce has ordered 996 airway beacon lamps of the 1000-watt, 115 volt type; they are to be used on airways in Texas and the southwest.

Abolish Honeymoons? "Never!" These Folks Reply

In the preceding article, Mary Borden, London novelist, and others urged that the honeymoon be abolished. Here is an answering chorus of "Noes" from prominent figures of the state, society and business.

BY JULIA BLANSHARD
NEA Service Writer

NEW YORK—Abolish honeymoons? NEVER!

That is the answer given by a quartet of famous folks to the shocking proposal made by Mary Borden, author of "The Technique of Marriage!"

"Please don't do away with honeymoons," pleads Judith Anderson, well-known stage star, now rehearsing for "Reunion in Vienna."

"One by one, the romantic things in life are being done to death by stern realists," Miss Anderson maintains. "Why remove them all? Other things being equal, the honeymoon is an opportunity to start married life in an ideal realm which two people build for themselves, away from familiar scenes and familiar faces."

"Honeymoons give couples a chance to make the adjustments in temperament and disposition that are necessary when two lives are joined. Even if everything does crumble later, at least there is the memory of the honeymoon. But it shouldn't crumble, if the honeymoon sees them off to a good start."

Honeymoon Is Wise
A society woman, Mrs. George Elliman

The honeymoon . . . blissful moments, worth every cent they cost . . . hold Judith Anderson (left), stage star; Mrs. George Elliman (center), New York socialite; and Robert Buckner (right), advertising executive, answering Mary Borden's proposal that the ancient institution be abolished.

Home Loan Corp. Ready to Receive Applications Here

Federally-Sponsored Refinance Firm Opens for Business

TEXARKANA OFFICE

Applies to Home Property Only—Swap Mortgages for Bonds

The assistant state manager of the Home Owners Loan Corporation, located in Room 12, first floor of the municipal building, Texarkana, Ark., opened for business Thursday.

The following counties are in the Texarkana District: Polk, Pike, Sevier, Howard, Little River, Hempstead, Nevada, Columbia, Union, Lafayette and Miller. All applications for loans from these counties should be forwarded to A. B. Clark, assistant state manager, Texarkana, Ark.

In order for all who expect to make applications for loans to get as prompt service as possible it will be necessary to find out if creditors will accept bonds for the amount of the debt. If they will not, there will be no need of making application for a loan, Mr. Clark said.

The property to be dealt with is home property. It may be located inside or outside of an incorporated city, town, or village. It must be occupied by the owner as his home place or held as his homestead, although the owner may be temporarily residing elsewhere.

The corporation is not to deal with commercial real property. The premises may incidentally have a small store or some farm land or other incidental use, provided it is primarily the owner's home and provided it does not exceed \$20,000 in value.

No loan should be over \$14,000, or 80 per cent of the appraisal, whichever is smaller.

Ordinary farm loans ought to be referred to the Federal land banks.

Three Resign From City Health Board

Resignations Believed Accepted—Other Three to Continue

Drs. J. H. Weaver and Jim Martindale, members of the city health board, have tendered their resignations, along with Attorney E. F. McFadden, secretary, Mayor Ruff Boyett said Thursday.

Their resignations are believed accepted, Mayor Boyett indicating the city would continue with the three remaining members, Drs. Don Smith, F. B. Carrigan and A. C. Kolb.

When asked what brought forth the resignations, Mayor Boyett declined to say.

Kiwanis to Visit Emmet on Friday

Hope Club Will Present Good Will Program at 8 P. M.

Emmet will be visited by the Hope Kiwanis club good-will trippers Friday night at the Emmet schoolhouse.

The Kiwanis club program starts at 8 o'clock.

Two short talks, and several musical numbers by John Ridgill's String Band are features of the program. A surprise musical number has also been promised by John P. Cox, program chairman.

Bares Tryst To Save Pair From Chair

Rather than remain silent and permit two negro youths to be executed for a murder she says they did not commit, Mrs. Mildred M. Bonnie, above, of Cincinnati, revealed her tryst with a married man and thereby won a 30-day reprieve for them a few hours before they were to be electrocuted at Ohio's penitentiary.

Mrs. Bonnie said she and her escort were in Silvertown, O., on the day a bank cashier was murdered in a holdup and that the two convicted youths were not the ones she saw running from the bank.

When he left Khabarovsk, Russia, at 9:58 EST (8:58 Hope) Wednesday night he was 15 hours 16 minutes ahead of the time established by years ago.

Post left behind the record when he flew from Khabarovsk, between Irkutsk and Rukhlovo, Wednesday, and brushed a tree-top in landing, neither plane nor flier was injured and Post made back his last time flying into Khabarovsk and taking off again without mishap.

Balbo to Washington
Meanwhile, General Italo Balbo, who brought his squadron of 24 Italian seaplanes from Chicago to New York Wednesday, flew to Washington for luncheon with President Roosevelt Thursday noon.

At Anadyr, Arctic Russia, Jimmy Mattern, who was wrecked on his attempted world solo flight, was reported awaiting favorable weather conditions for a takeoff to Nome.

Cotton Off \$3.80 a Bale Thursday

Net Decline of \$5.90 Per Bale Since Tuesday

Cotton broke sharply again Thursday, losing 76 points and closing under the 11-cent level. New York October contracts closed at 10.72, off \$3.80 a bale from Wednesday's close, and \$5.90 a bale from Tuesday's close.

New Orleans Cotton
NEW ORLEANS—(AP)—Cotton futures broke \$6 a bale from the early morning tops in a sweeping continuation of Wednesday's reaction, in an excited market Thursday.

The unsettlement of grains appeared to be the principal reactionary signal.

By early afternoon Thursday, October declined to 10.32, and December to 10.55, showing net losses for the day at that time of approximately \$5.50 a bale from Wednesday's close, and \$5.90 a bale from Tuesday's close.

Is 30 Hours Ahead on Completion of Trans-Pacific Hop

Loses Time in Siberian Forced Landing—But Regains It

HE LEAVES RUSSIA

Italo Balbo, Italian Air Chief, Lunches With Roosevelt

SEATTLE, Wash.—(AP)—Wiley Post passed over Nome, Alaska, at 1:30 EST (12:30 Hope) Thursday afternoon on his flight from Siberia, having safely crossed the Arctic rim of the Pacific ocean, the United States Army Signal Corps was advised by the Nome station.

Post has put the most dangerous leg of his world-flight behind him, and he is coming down the Canadian coast to the United States, 16 minutes ahead of the Post & Gatty record of 1931.

He Jumps for Alaska
By the Associated Press
Wiley Post, American flier who is attempting alone to break the record for a world flight, headed for Alaska Thursday far ahead of the time set by Harry Gatty set in 1931.

When he left Khabarovsk, Russia, at 9:58 EST (8:58 Hope) Wednesday night he was 15 hours 16 minutes ahead of the time established by years ago.

Post left behind the record when he flew from Khabarovsk, between Irkutsk and Rukhlovo, Wednesday, and brushed a tree-top in landing, neither plane nor flier was injured and Post made back his last time flying into Khabarovsk and taking off again without mishap.

Balbo to Washington
Meanwhile, General Italo Balbo, who brought his squadron of 24 Italian seaplanes from Chicago to New York Wednesday, flew to Washington for luncheon with President Roosevelt Thursday noon.

At Anadyr, Arctic Russia, Jimmy Mattern, who was wrecked on his attempted world solo flight, was reported awaiting favorable weather conditions for a takeoff to Nome.

Was Forced Down

MOSCOW, Russia—(AP)—Wiley Post, American globe-circling flier, came down at Rukhlovo, Siberia, about 20 miles short of his scheduled halting place, Blagoveshensk, Wednesday, when weather forcing him to interrupt his round-the-world flight.

His plane, the Winnie Mae, was slightly damaged in brushing against the treetops shortly before the arrival at Rukhlovo. Clouds and mists forced the American to hug the ground dangerously, but he made a perfect landing.

Post, who left Irkutsk, was near exhaustion when he brought his ship down, having denied himself rest in an effort to speed his record.

His arrival at Rukhlovo ended anxieties which had been felt for his safety, since he was long overdue at Blagoveshensk. Soviet air officials sent out urgent broadcast inquiries.

Post was sighted at three points between Irkutsk and Rukhlovo as he flew eastward in an attempt to regain time which he lost at the former place when unfavorable atmospheric conditions induced him to take a longer route.

Rukhlovo is a Siberian town between Chita and Blagoveshensk, approximately 800 miles east of Irkutsk and about 300 miles northwest of Blagoveshensk.

When he landed at Irkutsk Post was 16 hours and 34 minutes ahead of his previous mark, out when the sky developed hostile conditions he took a long rest and reduced this lead to three hours and 24 minutes. Two years ago he and his flying companion stopped in Orkutsk only two hours and 13 minutes.

O. D. Davis Is New Manager of A.&P.

Former Stamps and Texarkana Man Moves to Hope

O. D. Davis, of Texarkana, has been named manager of the A. & P. store here, having assumed charge Wednesday. Mr. Davis has been with the firm at Texarkana for several years, having been in charge of the Seventh Street store for that firm.

He succeeds G. A. Hobbs. Mr. Davis has brought his wife and daughter, little Miss Sarah Elizabeth, to Hope to make their home. Before moving to Texarkana some years ago Mr. Davis was a citizen of Stamps. He is well known in Lafayette county.

Hospital Notes

Floyd McChasles, Patnot Route two, was brought to Josephine hospital Wednesday afternoon with a seriously cut foot. An ax in the hands of McChasles, slipped while he was cutting timber near Patnots.

Tommy Wilson, seriously ill for the past four weeks, was improving at Josephine hospital Thursday. Mr. Wilson is a brother of Sheriff John L. Wilson. He will be removed home in a few days, a member of the hospital staff said.

The past three weeks has returned to her home in Little Rock. Miss McKamie has as house guest for this week, Billy Young, also from Little Rock.

Miss Ruby Watham of McCaskill will be the house guest of Miss Bobbie McCulley over the week-end.

Abolish Honeymoon?

(Continued from Page One)

fessional Women's Clubs, makes a plea for a honeymoon for young couples—even if it is only a short one.

The psychological effect upon a young couple who get away from the protection of parental roof and interested friends, out into an environment where no one knows or cares about them, is a good experience to make them realize that they will need to stand alone in the world and work out their problems together in a world indifferent to their ultimate success or failure," is her reasoning.

"A short honeymoon, of something less than a week even, which has as its objective the return to establish a comfortable and happy home where both enter actively into the actual labor of preparation, is a good beginning for happiness," she continued. "Joint labor makes each appreciate a home, leaves short time to dwell upon the little differences of habits and tastes until working together to found the home blends such differences into a happy combination, by mutual concessions. A honeymoon is the best possible start toward a happy marriage."

What a Man Says

One man comes forward with an emphatic opinion. Robert Buckner, prominent in the business and advertising field, is all for honeymoons. "The honeymoon," he explains, "is an inescapable period of life, or state of mind. When a man and a woman marry is a desirable state of affairs but argue that the honeymoon is no way to begin it, your reasoning is like that of the dear old maid who loved ornaments but couldn't quite bring herself to break the eggs."

"Honeymoons," he continued, "like other forms of sudden elevation from the earth, do produce some tragedies, but what does the trip have to do with it? What ghastly horrors can traveling produce which can't be experienced at home? People make mistakes without regard to scenery."

Abel Bonnard made an observation that seems to me applicable. He said, "Between a man and a woman peaceful friendships are founded on indifference, and troubled friendships on love." If then, the average honeymoon produces some friction and trouble, is it such a terrible sign?"

Wages Advanced

(Continued from Page One)

toward recovery on account of the drought which has cut heavily into truck crop production in the Southern states this year. Despite that, conditions are more encouraging than at any time within the past two years," Mr. MacGregor said.

Lumber Payroll Up

Payroll of employees of J. L. Williams Sons Lumber company has been increased to \$500 per day, members of the firm said Thursday, continuing: "We are employing 175 men to cut, haul and mill timber. New orders have been mounting each day. Our plant is running at full blast. Lumber prices have increased about \$7 per thousand feet. Our output of manufactured lumber is about 160,000 feet per week."

The passing of the new industrial control bill gives us the only real hope for pay increases for lumber mill employees in several years. By raising wages of employees this act should bring permanent increases in the price we can get for our products on the wholesale market. It gives lumber millers hope for a profit not had in several years," a member of the firm said.

Handle Co. Increases
Bruner-Ivory Handle company, effective July 1, posted a general wage increase ranging from 25 per cent in the lower brackets to 10 per cent and more among higher-paid workers, according to a company official.
Deumer-Ivory business is said to be close to capacity.

Blevins, McCaskill Faculties Chosen

Supt. Glenn Coker Announces Personnel for Sept. 18

Glenn Coker, superintendent of the Blevins and McCaskill schools, announced Thursday that the school board had elected the following faculty for the year 1933-34:

Blevins: H. L. Lay, mathematics and athletics; Miss Ruth Garland, science; Joe Covington, history; Mrs. Glenn Coker, English; Mrs. Bess Woods, sixth grade; Miss Dorothy Sevedes, fifth grade; Miss Grace Hillis, fourth grade; Miss Mary Leslie, third grade; Miss Blanch Brown, second grade; Mrs. Warren Nesbitt, first grade.

McCaskill: Principal to be announced later; Miss Thelma Bruce, English and history; Miss Hazel Brown sixth and fifth grades; Miss Virginia Berry, fourth and third grades; Mrs. Charlie Stokes, second and first grades. The school term at Blevins and McCaskill will open September 18.

Parade for Pets at Park Monday

Dogs, Cats, Ponies May Enter Playground Contest

All kinds of pets will go on parade at Fair Park next Monday afternoon at 3:45 o'clock, according to an announcement Thursday by Mrs. Charles Wilkin, in charge of city play ground. The pet show will be the first of its kind offered by sponsors of Hope's city playground. Classifications are: Dogs, cats, ponies and miscellaneous pets.

Awards will be given for the largest, smallest, cutest, ugliest, best looking and best groomed pets. Another award will be given for the best behaved pet.

Judges will be Dr. P. B. Carrigan, the Rev. G. F. K. Strassner, Mrs. Arthur Swanke, Miss Bessie Greene and Mrs. Herbert Morley.

Red River Dam to Cost 36 Million

Project at Denison, Texas, to Control Flood, Generate Power

WASHINGTON—(AP)—Approval of the \$36,500,000 power and flood control project on the Red river at Denison, Texas, was indicated Wednesday by Col. H. M. Waite, deputy public works administrator, after hearing representatives of the section urge that it be carried through.

"It is a part of a comprehensive scheme whereby the government will protect the Mississippi valley against disastrous floods from one end to the other," Waite said.

He characterized the opportunity for the development of such a comprehensive plan as the most significant feature of the public works bill, and said the Red river project was an important unit in it.

The construction of a dam at Denison was urged by senators and representatives from Texas, Oklahoma, Louisiana and Arkansas. Opposition was expressed by Representative McClintic, Oklahoma, Democrat.

Senator Sheppard, Democrat, Texas, said the project would lift flood menace from hundreds of thousands of people and would provide cheap power.

He said army engineers had located an "impregnable foundation" for the proposed dam a few miles west of Denison, just below the confluence of the Quachita river. The dam, he continued, would provide power on such a scale as would make the project one of the greatest in the world.

W. L. Cornelius, Will and Walter Harden was shopping in Hope Saturday afternoon.

Raymond Cornelius and Albert Cummins were visiting in Hope Saturday.

Mr. and Mrs. Ed Turner and children of Battle Field were visiting W. L. Cornelius and Family.

Mr. and Mrs. Roy Cornelius, Miss Ophelia Cunningham, Raymond Cornelius and Albert Cummins attended preaching at Battle Field Sunday night.

Misses Lucille and Christeen Cornelius spent Saturday night and Sunday with Miss Lorene Valentine of Battlefield.

George Gilbert was shopping in Hope Friday.

Mr. Cunningham of Ashdown, Ark., is visiting his daughters.

Cotton Off \$3.80

(Continued from Page One)

and a net two-day reaction of about \$7.75 a bale from Tuesday.

Traders said that the market's action gave evidence of an extensive bear raid as large-scale liquidation uncovered a mass of stop-loss orders gave momentum to the decline.

Wheat and Stocks Crash
NEW YORK—(AP)—Stock and commodity values crumbled Thursday in badly-shaken markets.

With wheat smashing down 12 to 26 cents a bushel, owner 12 to 13 cents, and cotton \$3.50 to \$3.75 a bale, prices on the New York Stock Exchange crumpled \$2 to over \$20 a share.

Distillery and whisky issues were again weakest, but the entire market was sorely hit.

The stock exchange estimated Thursday's sales at 8,120,000 shares, the largest since the May 5, 1930 break—and coincided with a very sharp advance in dollar exchange against foreign currencies.

Mrs. George Gilbert and Miss Ophelia Cunningham spent Monday with Mrs. Lillie Harden.

Renew Your Health By Purification

"Any physician will tell you that 'Perfect Purification of the System' is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calatabs—once or twice a week for several weeks—and see how Nature rewards you with health.

Calatabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

ing their home remodeled this week. Mr. and Mrs. Green Shuffield attended the funeral of the Newt Shuffield at Nashville Tuesday.

Clyde Coffee of Hope is spending the week with his mother, Mrs. W. E. McFarland.

Miss Jerel Garrett is spending the week with relatives in Texarkana.

TELLS HOW SHE TOOK 4 INS. OFF HIPS 7 INS. OFF WAIST

In 40 days by taking Kruschen Salts, Mrs. Helga Blaugh of New York City reduced 26 1/2 lbs.—took 4 inches off hips, 3 inches off bust and 7 1/2 inches off waist. She writes: "I haven't gone hungry a moment—I feel fine and look 10 years younger."

"To get rid of double chins, bulging hips, ugly rolls of fat on waist and upper arms SAFELY and without discomfort—at the same time build up glorious health and acquire a clear skin, bright eyes, energy and vivaciousness—to look younger and feel it—take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast."

One jar lasts 4 weeks and costs but a trifle at any drugstore the world over. Make sure you get Kruschen because it's SAFE. Money back if not joyfully satisfied. —Adv.

Wash Suits Properly Laundered 50c

NELSON HUCKINS

Prints Odom of Passaic, N.J., last week and with Brady Cook.

Mrs. Floyd Huffman and daughter of Prescott are spending the week with Mr. and Mrs. Jim Hill.

TREAT YOURSELF TO A CHEERFUL KITCHEN

WITH du Pont Interior Glass you can get color, life, make your kitchen a much more pleasant place in which to work. For instance, a light blue. Or a cool shade of green. This finish costs less than you think. It's easy to apply. Even one coat gives a smooth, lustrous finish. See your kitchen cabinets and woodwork. And if you want to wash this finish, just go ahead. It's easy and safe with this pre-treated du Pont product.

Reach for a Lucky

—for always Luckies Please!

It's a man's cigarette.. —but women like it!

Men like a cigarette that has character. Women like a cigarette that's mild and pure. Naturally, Luckies please everyone. Have you tried a Lucky lately? In their fine, ripe, tender tobaccos, you get the quality that thrills your taste... In their personal purity and mellow-mildness, you get the quality that delights your throat. In our opinion there's nothing so pleasing as fine tobaccos that are "Toasted". That's why more and more men and women are reaching for a Lucky—for always "Luckies Please!"

because "It's toasted"

Roosevelt, son of the president, becoming treasurer of the club.

The judge is said to have suffered financial reverses in several private investments, borrowed from his partners and pledged his Braves' stock. The loan coming due, a reorganization was suggested, and it's cooking now.

Marty All Through

Boston friends of Marty McManus—of which there are many, Marty being the Irish boy that he is—say that he's through as manager of the Red Sox, but will finish out the season of 1933.

The story is that McManus hasn't been getting along with Eddie Collins. Press box observers say Eddie has been master-minding from the grandstand, signaling outfielders to this position or that. McManus resented these maneuvers as an interference with his prerogatives.

Roger Peckinpah, deposed manager of the Indians, was asked to be ready to take the Boston manager's job. Collins invited McManus to remain at third base and turn over the pilot's job.

Marty, more power to the young man, refused, and invited Collins to fire him. The team thereupon started on a winning streak, so Marty wasn't fired.

Harris, Cochrane

Now, according to the well-known baseball grapevine, Bucky Harris will be through at Detroit with the end of the season, and will be offered the Boston job. If he doesn't want it, Jack Barry, old star of the A's, is mentioned as a possibility.

Still another story has Connie Mack selling Earnshaw and Cochrane to the Red Sox, with the catcher becoming manager.

Where the truth or error lies in these reports only time can point out.

BARBS

U. S. Weather Bureau reports that midwest has been dryer this summer than at any time in past three years. But you'd never guess it from reading the reports of the vote on prohibition repeal.

We haven't yet heard the details of that strike called by microphone technicians at a Hollywood studio, but doubtless there were sound reasons behind it.

John D. Rockefeller declared that his golf game is slipping, when interviewed on his 94th birthday. However, the aged oil king is still determined to break 100.

Noted doctor warns girl bathers against over-exposure. Many a beach policeman has done the same.

Ancient English law, a writer informs us, recognized no less than 178 capital crimes. Had there been, in those days, neighbors who operated noisy lawn mowers at 6:30 a. m., the number doubtless would have been 179.
